

Hola Mundo

```
int main(int argc, char *argv[])
{
    printf("Hola!!");
    sleep(1000);
    system("cls");
    printf("Mundo");
    sleep(1000);
    system("cls");
    return(0);
}
```

Conteo Regresivo

```
printf("Virus Activado hahaha...");
sleep(2000);
system("cls");
printf("Conteo de Iniciacion");
sleep(2000);
system("cls");
printf("..5..");
sleep(2000);
system("cls");
printf("..4..");
sleep(2000);
system("cls");
printf("..3..");
sleep(2000);
system("cls");
printf("..2..");
sleep(2000);
system("cls");
printf("..1..");
sleep(2000);
system("cls");
printf("..... Todo ha sido borrado.... hahaha_");
sleep(2000);
system("cls");
printf("..... A que te espante... era solo una broma...");
sleep(2000);
system("cls");
return(0);
```
